Land Surveying, Setting Out,
Elevational Surveys, Legal Title Surveys

Suite C, Cults Business Park,
Station Road, Cults,
Aberdeen AB15 9NP

Tel: 01224 864263 Fax: 01224 864264

email: info@GraniteCitySurveys.co.uk
www.GraniteCitySurveys.co.uk

Notes

1. This site survey was carried out by A.Bryce on behalf of Granite City Surveys Ltd. during March 2024.
2. The weather during the survey was fine.
3. All levels shown on this drawing are related to OS Newlyn datum derived from GPS equipment.
4. Survey data is related to OS National Grid derived from GPS.
5. In general, only the corners of the buildings are identified by the survey. Buildings are not surveyed internally.
6. Some levels may have been removed from this drawing for clarity.
7. There may be features out with the scope of this survey which could have an affect on any proposed development.
8. Service covers are located in position by their centre point - symbol used is not indicative of actual size/orientation of the cover.
9. Whilst Granite City Surveys has made every effort to locate all major service covers (ie.manhole positions) it should be noted that this may not be possible in all cases due to ground conditions or local obstructions.
10. Trees displayed on this plan have been located at the centre of the base of the trunk. Due to the fact that trees do not always grow vertically, the extents of the tree may be out with what has been indicated on the survey.
11. The services on this plan have been derived by the visual ground site survey and are subject to confirmation by further investigation. Before commencement of any construction works, the location of all services must be verified on site by the relevant authorities.
